Enclosure(1)

IN THE UNITED STATES DISTRICT COURT
FOR THE EASTERN DISTRICT OF PENNSYLVANIA

THOMAS REMICK, et al., : CIVIL ACTION,

Plaintiffs :

v. :

#20-1959

CITY OF PHILADELPHIA, et al., :

Defendants. :

CLASS MEMBER LETTER TO COURT

My name is Ralph W. McClain, Jr., and I have been a class member in this action since being transferred from the Pennsylvania Department of Corrections (DOC) to the Philadelphia Department of Prisons (PDP) on 5-10-23.

I have suffered irreparable injuries due to non-compliances with the Consent Decree in this case by Defendants over the last 24 months. If you review the docket filings over that time, I am the only class member who has filed anything in the case seeking for protections from the prison officials by contempt proceedings for remedy and

(1)

relief for injuries.

Dispite this, Class Counselors have been refusing to interview me at the prison or assist me over the last 20 months. In fact, it is my belief that Class Counselors, who attend regularly scheduled meetings with City Prison Officials, have aided the Defendants in violating my constitutional rights by knowing that I've been being denied the benefits of the Consent Decree, to the level of constitutional violations and failing to do anything to help me.

I have been being denied mental health and medical treatment for the last 2 years in the PDP. Though I've managed to get other prisoners to send civil complaint filings to the Federal Court for me, to try and gain protection for my health and safety, I have been unable to litigate them because prison officials have been holding all of my incoming mail for 2 years: out of maybe 30 articles of mail I should have received from the Courts in the

last 22 months, I only received 4 items. I have no way to get money either; because, the work I have been doing for years for money has been prisoners' rights lawsuits litigation. I was due to settle, or soon go to arbitration in, a civil rights lawsuit in May of 2023 when I transferred from the DOC to the PDP. Mainly because of this, City and Commonwealth/State officials colluded to keep me from getting paid (so I'd stay indigent and unable to pay attorneys of choice to help me fight them in court), while taking measures to insure I don't get out of jail, including: 1) stopping all of my mail and phone calls so I can't maintain outside support; 2) having me moved to the most problematic unit in PDP jails on solitary confinement and provoking me daily with abuses; 3) ignoring all of my dozens of written grievance complaints; 4) denying me effective assistance of counsel; 5) holding my trial up for years, saying that I am "incompetent"; while not transferring me to the State Hospital; 6) denying me my

(3)

right to represent myself; 7) seizing/stealing all of my records for my cases; 8) denying me access to the prison law libraries.

I write this letter, in part, because I fear I will die on State Road due to how I've been being treated over the last 2 years.

Respectfully submitted,

Ralph W. McClain, Jr.
